

# Hospital Organ Donation Campaign Recognition for Outreach

The hospitals listed below reached gold, silver, and bronze recognition levels for their organ, eye, and tissue donation and registration efforts between September 2012 and May 2013. The hospitals worked closely with their organ procurement organizations to educate and register new donors. In many states, the participation of Donate Life America affiliates and/or state hospital associations was pivotal to the hospitals' efforts. DLA and hospital association participation is indicated in the title line for each state.
