

2024 DoNation Campaign for Organ Donation

Recognition for Outreach

The workplace partners listed below earned bronze, silver, gold, or platinum recognition for their efforts to educate their communities about organ, eye, and tissue donation. Working closely with organ procurement organizations (OPOs), Donate Life America (DLA) state teams, state hospital associations, and other organ, eye, and tissue donation organizations, these partners, which include transplant centers and hospitals designated as rural or critical-access by the American Hospital Association, generated 23,104 donor registrations between October 1, 2023 and September 30, 2024. OPO, DLA-state-team, hospital-association, and other donation-organization participation is indicated in the title line for each state. The number of partners recognized in each OPO and donation-organization service area is listed at the end of the document.
